EMBED IN COURSE/OWN NOTES

Review Share Add to

The pop-up below is presented. You now have two options:

- Embed as a link
- Embed as video

Use Lecture in Course or Virtual Learning Environment

[Embed as Link](#) [Embed as Video](#)

- Drag and drop the preview below directly into your application.
- If drag and drop is not possible, highlight the preview (either manually or by clicking 'select preview') and then use the keyboard to copy & paste it into your application.

Use Lecture in Course or Virtual Learning Environment

[Embed as Link](#) [Embed as Video](#)

- Drag and drop the preview below directly into your application.
- If drag and drop is not possible, highlight the preview (either manually or by clicking 'select preview') and then use the keyboard to copy & paste it into your application.

[Select preview](#)

EMBED AS LINK

Use this option to create a thumbnail that serves as a link to the video on the HSTalks website. There are two ways to embed a lecture as a link:

- A. Drag and Drop:** – 'dragging and dropping' the thumbnail from the 'preview' is the simpler way.
1. Hover with the mouse over the thumbnail.
 2. Press and hold down the left button of the mouse.
 3. Move the mouse cursor to the location where you wish to 'drop' the lecture (e.g. in PowerPoint, Email, Word, Moodle or other LMS etc.).
 4. Release the button to embed the lecture.

Use Lecture in Course or Virtual Learning Environment

B. Copy and Paste: – another way to embed a lecture as a link is to copy the thumbnail from the preview and paste it into your application of choice.

1. Manually select the preview or click the 'select preview' button on the embed page.
2. Press Ctrl+C to copy the preview to your clipboard.
3. Open your application of choice and click the place where you wish to embed the lecture
4. Press Ctrl+V to paste (embed) the lecture

ADVANCED OPTIONS

There are several advanced options when embedding the lecture as a link:

- 1 **Easy Authentication:** When enabled, viewers will be automatically recognized as member of the institution. *Note: to use this option you need to be logged to a personal account.*
- 2 **Thumbnail Size:** Select thumbnail size or select 'none' to have only text.
- 3 **Lecture Information:** Select which information to include or untick all boxes to have only a thumbnail.
- 4 **Define a segment of the lecture:**

This can be done in two ways:

- A Enter start and end times to create a defined time segment.
- B Enter start and end slides to create a segment defined by the inclusion of slides. The segment will be created automatically based on the inserted instructions. The preview will still show a thumbnail of the cover slide.

The segment will be created automatically based on the inserted instructions. The preview will still show a thumbnail of the cover slide.

1 Easy Authentication
☒ All viewers will be automatically authenticated as members of your institution.

2 Thumbnail Size
200x150 100x75 **none**

3 Lecture Information
☒ Title ☒ Speaker(s) ☒ Affiliation(s)

4 Use Segment of the Lecture (optional):
Start Time (eg 2:34) or slide number (eg 5)
End Time (eg 13:45) or slide number (eg 14)

A Use Segment of the Lecture (optional):

Start 2:34

End 13:45

B Use Segment of the Lecture (optional):

Start 5

End 14

EMBED AS VIDEO

To embed direct access to the video within the application of your choice, without a link to the HSTalks website, choose this option.

Use Lecture in Course or Virtual Learning Environment

Embed as Link Embed as Video [Learn More](#)

Copy and paste the HTML code below into your web page or application.

```
<iframe width="480" height="360" src="https://hstalks.com/t/4469/iframe/?business&alt=6&start=%405&append=%4015" frameborder="0" scrolling="no">
```

Preview

Easy Authentication

☒ All viewers will be automatically authenticated as members of your institution.

Video Size

480 x 360 pixels

☐ Autoplay

Use Segment of the Lecture (optional):

Start 5

End 14

1. Click on the box with the HTML code. It will be selected automatically.
2. Press Ctrl+C to copy the HTML code to your clipboard.
3. Open your application of choice and insert the HTML code in the appropriate location. This step varies greatly among applications and their different versions and editions; please review the technical help page of the application into which you wish to embed the video.

3 ☐ Autoplay

4 Use Segment of the Lecture (optional):
 Start
 End

1 Easy Authentication: When enabled, viewers will be automatically recognized as member of the institution. *Note: to use this option you need to be logged to a personal account.*

2 Video Size: It is possible to adjust the size of the embedded video manually. (4:3 aspect ratio will be kept automatically), although it is recommended to keep the default size (480x360).

3 Autoplay: It is possible to set the video to be played automatically. Certain browsers/devices will disable this option.

4 Define a segment of the lecture: This can be done in two ways:

- A** Enter start and end times to create a defined time segment.
- B** Enter start and end slides to create a segment defined by the inclusion of slides.

The segment will be created automatically based on the inserted instructions.

A Use Segment of the Lecture (optional):
